## FOUNDER'S MESSAGE

**K. R. Anand**  
Founder

My beginnings were humble. I started the Company from ground zero. Fired by the spirit of vision and enterprise and driven by determination, I set targets for all project activities and executed them in time to transform the Company into a Conglomerate. All along, we left no stone unturned in our determination to achieve and establish the highest of standards.

KRA firmly believes that its true strength lies in its efficient team. Our people are united by a passion for their work and by a shared set of values that run throughout the Company - values which define what we do and how we do it. We do see clearly that, as things are, the rapid growth of the Indian economy in correlation to the world economy, in all its aspects, would open the doors for greater business opportunities for the Group.
